## ICE SKATING IN ROCK ISLAND

[Rock Island Parks and Recreation](#) staff and Mother Nature have been working hard! Together, they have made it possible to open the Sunset Park and Longview Park Ice Rinks.

The Ice Rinks are open daily, weather permitting. The [Longview Park](#) Ice Rink is located at the top of Longview Park next to 18<sup>th</sup> Avenue, north of the tennis courts, in the circular sand volleyball area. The rink is lighted in the evenings.

The Sunset Park Ice Rink is located in [Sunset Park](#) in the lagoon behind the east parking lot. There is a shelter and stove for skater's comfort. These rinks are not supervised, and are natural rinks, totally dependent on the weather.
