E-Park On-Line Registration Coming Soon!

Signing up for activities offered by Rock Island Parks and Recreation is about to come a bit easier! By Fall of 2005 citizens will be able to register online for activities including sports, special interest classes, and more at www.rigov.org.

Here is how it works!

Next time you come into one of our facilities, please ask to update or confirm the information in our database. We need your current name, address, and e-mail address. We will then be able to provide you with a barcode number and PIN (personal identification number). You will use this information to register on-line for programs this Fall. *(The Barcode and PIN numbers will also be printed on any registration receipt from us.)*

Starting this Fall you can register online by visiting www.rigov.org and looking for the "Online Services" button.

If you have questions, please call 309-732-PARK (7275).

KEEP THAT RECEIPT!

You may access the online service with the information that prints out on your Parks and Recreation transaction receipts.
