SELECT CART SIZE FOR NEW REFUSE SYSTEM

The City of Rock Island will convert to a fully automated trash collection system by the end of 2005.

Now is the time to select what size trash cart you would like. You will receive the regular (96 gallon) cart unless you contact the [Public Works Department](#) to request the **HALF SIZE** cart. Please contact the Public Works Department by **July 29, 2005** if you wish to receive the half size cart.

You do not need to contact the Public Works Department if you want the **REGULAR** cart. Your cart will be provided **free** of charge and will be delivered late 2005. You will be contacted with more information at that time. Carts can be seen at [City Hall](#), [Main Library](#), [Southwest Library](#), the [Public Works Department](#), or [RIFAC](#).

Remember – you only need to call the Public Works Department at 309-732-2200 or email publicworksmail@rigov.org if you want the **HALF SIZE** cart.

REGULAR CART

96 gallon
Height 43"
Length 35"
Width 30"

HALF SIZE CART

Approximately
48-64 gallon
Height 38-42"
