Beautification Commission Selects July Yard of the Month

Each month throughout the spring and summer, members of the [Rock Island Beautification Commission](#) nominate and vote on the best looking yard in the City of Rock Island. In July, Commissioners selected the home of Teri and Eugene Smith of 2227 9th Street for the unique and tasteful design brought to their neighborhood.

A certificate is presented to the homeowner voted to have the most creative landscaping and aesthetically pleasing yards. The winner of the award is presented with a large blue ribbon sign to display in their yard for the remainder of the month, and is also photographed by the Rock Island Argus.

The Rock Island Beautification Commission congratulates the Smith's on their award and thanks them for being among many of Rock Island's beautiful [neighborhoods!](#)
